1992 SOUTH DAKOTA BALLOT QUESTIONS

CONSTITUTIONAL AMENDMENT A

Title: Relating to Term Limitations

Attorney General's Explanation:

The South Dakota Constitution and other state laws do not limit the number of terms of office that may be held by a United States Senator, United States Representative, state senator or representative, attorney general, secretary of state, auditor, treasurer, commissioner of school and public lands, or public utilities commissioner.

The proposed amendment would limit an individual to two consecutive six-year terms (12 years) as a United States Senator, and six consecutive two-year terms (12 years) as a United States Representative, effective as of the 1992 election.

The amendment would limit an individual to two consecutive four-year terms (8 years) as attorney general, secretary of state, auditor, treasurer, or commissioner of school and public lands, effective as of the 1992 election.

This amendment would not place any limit on a public utilities commissioner.

The amendment would limit an individual to four consecutive two-year terms (8 years) as a state Senator or state Representative. This limit would not apply to partial terms to which a legislator may be appointed and to legislative service prior to January 1, 1993.

REFERRED LAW 1

Title: An act to approve the siting, construction and operation of the Lonetree solid waste disposal facility.

Attorney General's Explanation:

State law requires that before a large-scale solid waste facility is sited, constructed, or operated, the Legislature must enact a bill allowing such activity and declare the facility to be environmentally safe and in the public interest. In 1991, the Legislature enacted a bill, now known as Referred Law #1, which approved the "Lonetree" solid waste disposal facility, subject to the terms and conditions of its solid waste permits, and declared the facility to be environmentally safe and in the public interest.

A Referendum was filed after Referred Law #1 was passed by the Legislature. The law approving the "Lonetree" large-scale waste facility does not become effective unless adopted by the voters. Adoption of the referred law will fulfill the requirements of the existing state law which demands legislative approval of the "Lonetree" solid waste facility. However, the solid waste permits for "Lonetree" have been declared invalid in a court decision. The "Lonetree" facility may not be able to operate even if the referred law is adopted.

INITIATED MEASURE 2

Title: An Act to provide an acreage regulation and reclamation incentive for large-scale gold or silver surface mining.

Attorney General's Explanation:

This proposal would regulate the amount of land disturbed at any one time by a large-scale surface mining operation for gold or silver. The measure prohibits issuing permits to a current mining operation unless it conducts certain reclamation activities on an acre-per-acre basis. The proposed law also prohibits issuing permits to a new mining operation which would disturb more than 320 acres of land, unless it conducts certain reclamation activities on an acre-per-acre basis. Operations could also receive a credit for reclamation of previously mined land not currently covered by a permit.

Required reclamation activities are:

- A. Reclaim land that was previously surface mined; or
- B. Agree to not disturb land for which a permit has already been given; or
- C. Agree to reclaim the affected land as it is being mined, with consent of the Board of Minerals and Environment.

Underground mining operations are not affected. Mine operations which had permits on January 1, 1992, may still disturb such lands, and may request permit amendments to disturb an additional 200 acres, without being subject to this measure.

INITIATED MEASURE 3

Title: An Act to reduce property taxes and to repeal the sales tax on groceries, clothing and utilities by imposing a personal and corporate income tax and distributing the revenue therefrom.

Attorney General's Explanation:

The initiated measure would establish an income tax, based on federal tax returns, on every resident or non-resident individual, estate, or trust in South Dakota. It would also enact a tax on the net income of every corporation doing business in the state, except mining, banks, and insurance corporations. The tax would be collected by the state Department of Revenue.

After administration costs for collecting the tax are deducted, 15% of the revenue generated from the tax would go into the state general fund. An amount equal to 20% of the 1994 property taxes would go to counties for the purpose of a property tax credit toward the taxpayer's annual property tax share. The remainder of the tax would be distributed to schools in the state.

The measure would prohibit state taxes on the sale or use of groceries, clothing, and utilities in the state, but would allow municipalities to tax those items.

INITIATED MEASURE 4

Title: An act to repeal the video lottery.

Attorney General's Explanation:

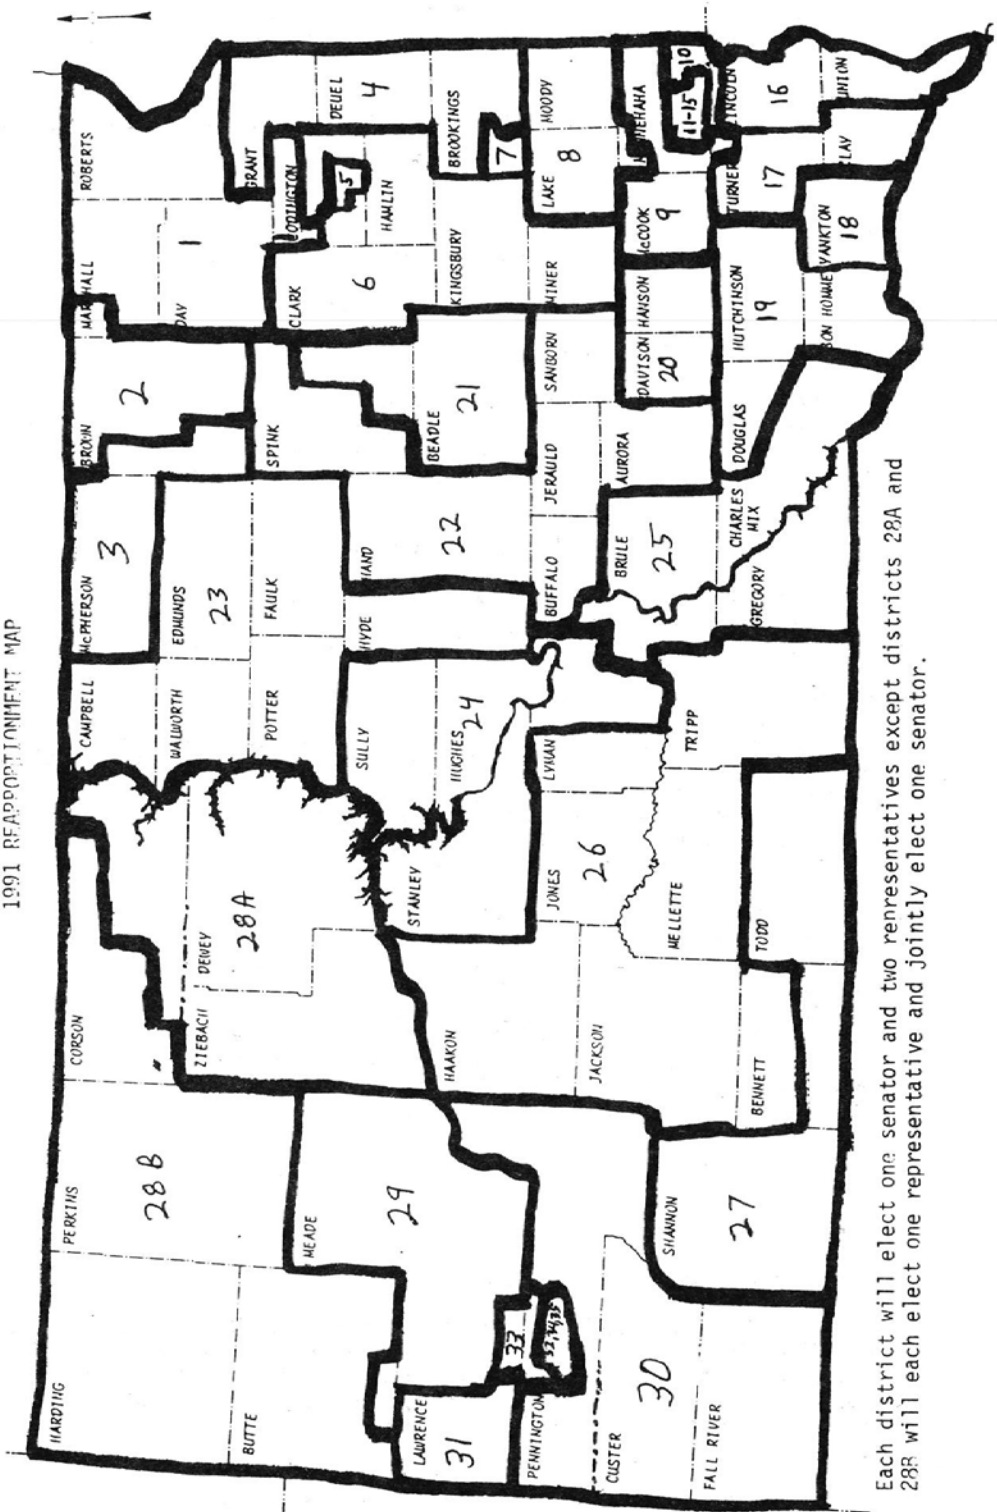

In 1989, the Legislature authorized the South Dakota Lottery Commission to offer video lottery games to the public. The Commission has implemented rules for conducting games and has given licenses for machines throughout the state. Income from video lottery games is split between the state general fund, and the private sector.

If passed, this initiative would repeal all statutory provisions authorizing video lottery games.

DISTRICT MAP

SOUTH DAKOTA

1991 REAPPORTIONMENT MAP

Each district will elect one senator and two representatives except districts 28A and 28B will each elect one representative and jointly elect one senator.
