

2008 Precinct Manual Addendum for the 2010 Primary Election

On page 4, last paragraph, replace “exit polling” with “petition signature gathering”.

On page 7, add to the fourth bullet point “and one voter ID sign inside the polling place”.

Delete the last sentence on page 9.

On page 11 in the second paragraph of the “Presenting the Ballot to the Voter” section, replace the last two sentences with:

Any registered Republican will be given a Republican primary ballot.

Any registered Democrat will be given a Democratic primary ballot.

Any registered Independent should be offered a choice of voting a Democratic ballot or a non-political ballot if both ballot types are available. If only a Democratic or only a non-political ballot is available, the registered Independent would be provided with that ballot.

Voters registered with other political parties would only be allowed to vote a non-political ballot, if available.
