I, Esther H. Johnson was married to Andrew

H Johnson from June 20, 1957 until his passing
on Dec. 6, 1977. We operated a ranch on the
North Grand River in Perkins County South Dak

For purposes of registering and raising horses
the Ranch name of "Grand River Ranch" was
used by Andrew for many years, It is now
used by his daughter, Esther H. (Tiss) Treib, her
husband Alton and her son Nick.

The Ranch name is now used by my
daughter and her family for various purposes,
and is registered with S.D. Brand Board in
Pierre for use in their livestock operation.

Jared displays length, thickness, and a good rate of gain. Jared proved to be very gentle as he was shown a few times in the 1989 season. He would be an asset to any herd.

A bull with alot of potential. His mother has a lot of fertility and milk in her pedigree. On one flush for embryo transplant she produced 33 embryos. His father was Grand Champion more than once. This bull should put milk in his daughters, frame in his sons and \$\$\$ in your pocket.

Levy has been our main herd sire since we purchased him in 1985. He's an easy-calving bull and his calves always surprise us with their weaning weights. This is a bull with a good disposition and has good feet and legs.

205 Day Adj. Wt.: 608 lbs.

Here's a promising young bull. With his small birthweight, as well as growth and correctness, he could be used equally well on heifers or cows. Y13 is the first calf off of a two year old heifer. He can provide what every cattleman wants—a small birthweight with an excellent rate of gain.
