Action Item: Dr. Mike Rush and Monte Kramer presented the plan for how the Board of Regents (BOR) would like to participate with the ORC. They noted that the BOR can opt in or out of participation. Dr. Rush stated that the increase in the debt level threshold to $1,000 before licensing is restricted was agreeable with the BOR. He then explained that the BOR is dealing with two types of debt – past debt from 2011 and prior and current debt from 2012 to present. All 2011 and prior debt has already been through two debt collection agencies and the BOR would like to submit this debt for write off. For the current debt the BOR would like some discretion in how the debt is run through the process. All debt over $250 would be referred to the ORC for collection purposes. Debt under $250 would be evaluated by the BOR. This would be after the normal process of three notices about the debt being mailed, with one being by certified mail. Monte Kramer clarified that the universities do not ever remove a forgiven debt from the record. The debt is held on the record and if the individual applies to attend the university again in the future, all past debt must be paid first. The BOR asked if the Board of Finance would be okay with debt of less than $250 not going through the ORC. CGI, the debt collection agency has set the minimum limit for collection at $50. Jeff Holden stated that there should be consistency between all the agencies if the minimum limit is changed to $250. Tony Venhuizen stated the BOR could move forward with the plan as presented.

Regarding the request submitted in October 2016 from the Board of Regents for lodging over state rate, Sara Rankin stated the original request that should have been sent to the State Auditor for pre-approval did not get forwarded. This was not discovered until after expenses were being submitted by those who attended the Research Affairs Council meeting. Sara was asking for the board to approve the amount that was over the state rate.

A motion was made by Jeff Holden and seconded by Jeff Holden to approve the following requests for reimbursement of lodging expenses over the state rate. A roll call vote was taken and the motion carried unanimously.

- Request from South Dakota Board of Regents for over state rate lodging for Mary Berry, Kevin Kephart, Nathan Lukkes, Mark Hawkes and Mel Ustad for the South Dakota Board of Regents Research Affairs Council meeting in Spearfish from July 27-28, 2016.
