VOTER INFORMATION PORTAL (V.I.P)

<https://vip.sdsos.gov/VIPLogin.aspx>

V.I.P is provided as a public service by the Secretary of State in cooperation with the County Auditors in each of South Dakota's 66 counties. By entering your First Name, Last Name, Date of Birth or Zip Code, you may find your voter registration information and your polling place location for the Primary and General Election. That information includes:

Residence Address, Political Party, County, Legislative District, County Commission District (if applicable), Municipality, School District, Polling Place, and a Sample Ballot (when available).

You may also track your absentee ballot.

The screenshot displays the 'Voter Registration Information for' page. It features several colored boxes highlighting specific data: a yellow box for the residence address (211 9TH AVE E, MOBRIDGE, Political Party: DEM), a green box for county and district information (County: Walworth, Legislative District: 23, County Commissioner District: Walworth-2, Municipality: Mobridge, School District: Mobridge-Pollock School District 62-6), a purple box for election dates (Absentee voting begins 8/13/2021 for the September 28th Special Election, and the sample ballot availability date of 8/13/2021), and a cyan box for the polling place (Scherr Howe Arena, 212 Main Street, Mobridge, SD, Precinct: Precinct-05). A 'View Sample Ballot' button is also visible.

The screenshot shows the 'Absentee Ballot Tracking Information' page. It includes a heading, a note that information is available to voters who have submitted an application, and a section for 'Absentee Ballot Mailing Address' (redacted) with 'Political Party: DEM'. Below this are three rows of tracking data: 'Date Absentee Ballot Application received: 9/17/2021', 'Date Absentee Ballot sent: 9/17/2021', and 'Date Absentee Ballot received: 9/17/2021'.

ABSENTEE VOTING

Any registered voter may vote by absentee ballot. Voters do not need to provide a reason in order to absentee vote. Absentee ballots are available 46 days prior to the primary and general elections.

An absentee voter desiring to vote by mail may apply to the person in charge of the election for an absentee ballot. The application or request shall be made in writing and be signed by the applicant and state the applicant's voter registration address.

The application or request shall contain an oath verifying the validity of the information contained in the application or request. The oath shall be administered by a notary public or other officer authorized by statute to administer an oath. If the application or request does not contain an oath, the application or request shall be accompanied by a copy of the voter's identification card.

The requirement for a copy of a photo ID and/or notarization requirement is waived **ONLY** for stateside and overseas military and U.S. citizens residing outside of the United States. All voters covered under UOCAVA (Uniformed and Overseas Citizens Absentee Voting Act) can submit the application for absentee ballot by fax or email image including a signature to the jurisdiction in charge of the election.

The application or request may be used to obtain an absentee ballot for all elections in that calendar year. The application for absentee ballot is **only valid** for the calendar year in which the voter signed the application in.

Anytime during the 46-day absentee voting timeframe, a voter may apply in person to the person in charge of the election for an absentee ballot during regular office hours up to 5:00 p.m. the day prior to the election. If the voter applies in person, the voter shall show the person in charge of the election the voter's identification card or complete a personal identification affidavit.

In the event of confinement, because of sickness or disability, a qualified voter may request an absentee ballot in writing, naming an authorized messenger who will deliver the ballot to the voter.

An application for a ballot by authorized messenger must be received by the person in charge of the election before 3:00 p.m. the day of the election.

The voter must sign a statement on the absentee ballot envelope prior to returning the ballot. All voted ballots must be returned to the person in charge of the election in time to be delivered to the appropriate polling place prior to the closing of the polls.

An application for absentee ballot may be obtained at a county auditor's office or printed from the Secretary of State's website at www.sdsos.gov

A Power of Attorney **cannot** be used for absentee voting purposes.

PROVISIONAL BALLOTS

If any person is not authorized to vote, is successfully challenged, or is otherwise denied the ability to vote and the person maintains that he or she is currently registered to vote in that precinct, the person may cast a ballot which shall be called a provisional ballot.

The voter must complete an affirmation for a provisional ballot. Provisional ballots are not counted on election night. The person in charge of the election will investigate the following day to determine if that voter was properly registered in that precinct. If the information found determines that the voter was properly registered, then that provisional ballot will be counted. The voter will receive notification of whether his/her provisional ballot was counted or not and if not, an explanation of why it was not counted.

By voting a provisional ballot, your vote may not be secret if only one provisional ballot is cast in that precinct.

Write-in Candidates

South Dakota **does not** allow for write-in candidates. (SDCL 12-20-21.2)

Who May Vote in the Primary?

No person may vote a party ballot at any primary election unless the person is registered as a member of that political party in the precinct in which the person seeks to vote. Any political party in its constitution or bylaws may allow for participation in the party's primary elections by any person who is registered to vote with no party affiliation (NPA). (SDCL 12-6-26)

INSTRUCTIONS TO VOTERS

TO MARK THE BALLOT

Completely fill in the oval next to the name or ballot question. Use only the pencil or marker given to you!

Do not make any marks other than filling the oval.

WRONG

WRONG

WRONG

RIGHT

Do not erase anything on your ballot.

Do not rip your ballot or make holes in it

Do not write in a name.

IF YOU MAKE A MISTAKE

- If you make a mistake, give the ballot back and get a new one.
- If you cast more votes than allowed in a race, give the ballot back and get a new one. (If you cast more votes than allowed in a race, your votes for that race will not be counted)

TO RETURN THE BALLOT AFTER VOTING

Put the ballot in the holder so the ballot stamp shows and take to the ballot box.

IF YOU NEED HELP, ASK

- The Election Board at your polling place on Election Day is there to help you if you have questions.
- You may contact the Office of Secretary of State for information regarding the election process at 605-773-3537.

VOTING RIGHTS

- Any voter who can't mark a ballot because the voter has a physical disability or can't read, may ask any person they choose to help them vote.
- Any voter may ask for instruction in the proper procedure for voting.
- Any voter at the polling place prior to 7:00 p.m. local time is allowed to cast a ballot.
- If your voting rights have been violated, you may call the person in charge of the election, the Secretary of State at (888) 703-5328, or your state's attorney.

Ballot Marking Devices

Voter assist terminals allow voters to review and mark their ballot electronically. South Dakota utilizes the ExpressVote.

- The ballot is displayed on a touch-screen that allows the contents to be altered many different ways. The ballot contents may be enlarged for easier reading, shown in reverse contrast, or turned off for privacy if a voter chooses to listen to the ballot with the attached headphones.
- A keypad, A/B switch, or sip and puff devices may be used as well. This technology warns the voter of undervotes and will not allow overvotes and shows a summary screen that will allow the voter to make changes if necessary.
- Once the ballot is finalized, a paper ballot will then be marked and printed and can be placed in the ballot box. These devices DO NOT track or tabulate any votes.

Campaign Finance

As a candidate running for office in the 2022 primary and/or general elections, you will be required to submit campaign reports to the person in charge of the election by certain deadlines.

Once you file petitions as a candidate, the first reports you will submit to the person in charge of the election include the following:

- **Statement of Organization** within fifteen days after becoming a candidate (unless you have previously filed one and have not terminated that committee) or not later than 15 days after the date upon which the committee made contributions, received contributions, or paid expenses in excess of \$500.00.
- **Statement of Financial Interest** within fifteen days after becoming a candidate.

You will also be required to submit the following campaign finance disclosure forms:

(1) **Pre-Primary report – due May 23, 2022:** fifteen days prior to the primary election, for the reporting period commencing with the last report submitted up through and including twenty days prior to the election date.

(2) **Pre-General report – due October 24, 2022:** fifteen days prior to the general election, for the reporting period commencing with the last report submitted up through and including twenty days prior to the election date.

(3) **Year-End report – due January 27, 2023:** by the last Friday in January each year, for the reporting period commencing with the last report submitted up through and including December thirty-first of each year.

These statements are filed consecutively and only include contributions and expenditures occurring since the last report filed.

(4) **Amendments:** submitted pursuant to § 12-27-27;

(5) **Supplemental report:** submitted pursuant to § 12-27-28;

There are both civil and/or criminal penalties for violations of the required filing of campaign finance statements - that could include a \$200 civil penalty for a report that was not received by the deadline. Additional penalties not to exceed \$250 may also be assessed. (SDCL 12-27-29.1, 12-27-29.4)

Note: Federal candidates only file the candidate statement of financial interest with the Secretary of State. Federal candidates file all other campaign finance information with the Federal Election Commission.

Committees may file online/view reports at:

Ensuring Secure Elections in South Dakota

Ballot Security

- South Dakota uses paper ballots – NO Online Voting.
- Marked Ballots are placed into a secure locked ballot box that is delivered by two poll workers of different political parties to the County Auditor’s office that evening after the polls are closed.
- The County Auditor opens the sealed ballot box in public view.
- Paper ballots are removed from the ballot box in public view and put into the tabulating machine, which is **NOT connected to the Internet**.
- Once the tabulation of the paper ballots has been completed, the County Auditor takes the results and logs into a secure computer. The County Auditor must log in with a password, username and authentication key which produces a series of numbers that change constantly. The County Auditor’s office will then enter the precinct results into the Secretary of State’s secure live election results page.
- Once each County Commission completes and approves the official county canvass, the canvass reports are submitted to the Secretary of State for the official statewide canvass.
- **South Dakota does not have any Internet-based voting systems.**
 - *Facts about Modems and South Dakota*
 - Modems are not present in an ES&S (tabulating machine vendor) DS200 machines in South Dakota. Modem components are not resident on the DS200 by default, but rather a separate board that is only installed in the DS200s in those jurisdictions where a state may permit their legal use. Additionally, DS200s without a modem component do not include the application or the network architecture required to support modeming and allow a modem to operation on the machine. Neither the modem application, required modem components, or network

architecture technology are used, installed or certified in South Dakota, and therefore not present in the machines.

- South Dakota Counties are prohibited from purchasing equipment that is not certified in the state and ES&S has not certified modeming capabilities for DS200s in the state. Additionally, ES&S has compliance oversight procedures which prevent uncertified equipment from being shipped to states.
- Modeming technology has not been certified for use in SD. Do note that in a few states it is legal practice to use cellular modems to transmit unofficial election results after the polls closed and all voting has ended. In those states which allow for the use of modems, ES&S uses mobile private network connectivity, industry best practices, and numerous security safeguards to protect the transfer of these unofficial election night results. Final official results are physically uploaded at election headquarters prior to final certification. The physical ballots and printed results tapes are always protected.
- South Dakota's central count tabulators (DS450 and DS850) do not contain modems and they are incapable of being connected to the internet.
- The paper-based ExpressVote is a hardened ballot-marking device. It lacks the technology to modem or communicate via network.

Safeguards to Register to Vote

Every evening, all registrations go through:

- A social security number validation check through the SocialSecurity Administration.
- A convicted felon check through the Unified Judicial System.
- A death record check through South Dakota's Office of VitalRecords.

Voter ID Requirements to Vote

- Photo ID is a requirement to vote. A voter must present one of the allowable photo ID's:
SD driver's license, an SD issued non-driver's license ID, tribal photo ID, passport, U.S Armed Forces ID, current university photoID or current high school photo ID.
- If a voter does not have an acceptable form of ID, the voter must be given the option to sign a personal affidavit under the penalty of perjury in which they state they are the person they have declared.
