SECRETARY OF STATE

Dear Ms. Jensen Wunder:

The Legislative Research Council (LRC) is required by SDCL 12-13-24 to review each initiated constitutional amendment for the purpose of determining whether the amendment is written in a clear and coherent manner that reflects the style and form of other legislation and for the purpose of ensuring that the amendment is not misleading or likely to cause confusion among the voters. In accordance with SDCL 12-13-25, the LRC is required to provide written comments for the purpose of assisting the amendment's sponsor in meeting the requirements of SDCL 12-13-24. This includes providing assistance regarding the substantive content of the amendment in order to minimize any conflict with existing law and to ensure the amendment's effective administration. While there is no obligation to accept any of the suggestions contained in this letter, you are asked to keep in mind the legal standards established in SDCL 12-13-24 and 12-13-25.

After reviewing the proposed constitutional amendment, the LRC has the following suggestions:

- In the last paragraph of draft, remove the language regarding severability. South Dakota courts have long recognized the doctrine of severability, also known as the doctrine of separability, and therefore that language is not necessary in the Constitution. However, if you opt to keep this language, as you did with a previous submission, please use the words "may not" instead of "shall not" to conform with style and form guidelines.

Against this backdrop, we have prepared and attached a copy of the proposed amendment with our suggested style and form changes, which are based upon the Guide to Legislative Drafting (<https://mylrc.sdlegislature.gov/api/Documents/127102.pdf>). We have overstricken material we suggest be removed. Should you have any questions about these changes, or about the suggestions made in this letter, please feel free to contact this office.

In addition, it has been determined during this review that this amendment may have an impact on revenues, expenditures, or fiscal liability of the state and its agencies and political subdivisions. Please provide the LRC a copy of the amendment as submitted in final form to the Attorney General, so we can develop any fiscal note required by SDCL 2-9-30.

This letter constitutes neither an endorsement of the proposed amendment nor a guarantee of its sufficiency. It is a recognition that your responsibility to submit your draft to the LRC for review and
