SELECTION FOR AUDIT

12-17B-20. Post-election audit--Procedure--Precinct defined.

The post-election audit must be conducted in five percent of the precincts in the county by manually counting all votes cast in two contests and comparing the results of the manual count to the results for those precincts at the county canvass. The county auditor shall select the precincts for the audit at random without the use of a computer in public during the meeting of the county canvassing board. If the combined total of all ballots cast in the precincts selected does not exceed one hundred ballots, then additional precincts must be randomly selected until the total of all ballots exceeds one hundred ballots. For the purposes of this section, the term precinct includes vote centers, but does not include any precinct designated as an absentee precinct.

The county auditor shall select the contests for the audit at random without the use of a computer in public during the meeting of the county canvassing board. One contest randomly selected for the audit must be a statewide contest. If there are no statewide contests on the ballot, the auditor randomly shall select another contest on the ballot. If there is only one contest on the ballot, that contest must be audited.

On the 7th day of Nov, 2024, the Day County Canvassing Board met to canvas the votes of the General Election that was held in Day County on Nov. 5th, 2024.

A random draw was conducted by the Day County Auditor at the conclusion of the canvas and the following precincts were designated for the Audit:

- 6 Precinct (total # of votes cast = 105)
- _____ Precinct (total # of votes cast = _____)
- _____ Precinct (total # of votes cast = _____)

A random draw was also conducted by the Day County Auditor at the conclusion of the canvas to determine which races would be audited. The races to be audited are:

1. Statewide Contest:
US President
2. Other Contest:
State Rep. Dist #1
