CONSTITUTIONAL AMENDMENT

ATTORNEY GENERAL'S STATEMENT

Title: An Amendment to the South Dakota Constitution Authorizing the State to Impose a Work Requirement on Individuals Eligible for Expanded Medicaid Benefits

Explanation:

The Medicaid program is funded by the State and the federal government to provide medical coverage for certain low-income people who qualify for the program. In 2022, the voters approved a Constitutional provision that expanded Medicaid eligibility for any person over age 18 and under 65 whose income is at or below 133% of the federal poverty level, plus 5% of the federal poverty level for the applicable family size.

This constitutional amendment authorizes the State to impose work requirements on any person eligible to receive benefits under the expanded Medicaid program, except for those persons who are physically or mentally disabled. The amendment does not identify any specific work requirement that may be imposed on those receiving expanded Medicaid benefits. Any work requirement proposed by the State must be approved by the federal government prior to implementation.

## ENROLLED

AN ACT

**A JOINT RESOLUTION, Proposing and submitting to the voters at the next general election, an amendment to the Constitution of the State of South Dakota, authorizing the state to impose work requirements on certain individuals who are eligible for expanded Medicaid.**

**Section 1.** That at the next general election held in the state, the following amendment to Article XXI, § 10 of the Constitution of the State of South Dakota, as set forth in section 2 of this Joint Resolution, which is hereby agreed to, shall be submitted to the electors of the state for approval.

**Section 2. That Article XXI, § 10 of the Constitution of the State of South Dakota, be AMENDED:**

Beginning July 1, 2023, the State of South Dakota shall provide Medicaid benefits to any person over eighteen and under sixty-five whose income is at or below one hundred thirty-three percent of the federal poverty level plus five percent of the federal poverty level for the applicable family size, as authorized by federal law as of January 1, 2021. Such person shall receive coverage that meets or exceeds the benchmark or benchmark-equivalent coverage requirements, as such terms are defined by federal law as of January 1, 2021.

The State of South Dakota may not impose greater or additional burdens or restrictions on eligibility or enrollment standards, methodologies, or practices on any person eligible under this section than on any person otherwise eligible for Medicaid under South Dakota law, except that the State of South Dakota may, to the extent permitted by the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services, impose a work requirement on any person, eligible under this section, who has not been diagnosed as being physically or mentally disabled.
