Registering Voters in South Dakota

STATE LAW

- Be sure that the voter is indeed eligible to register to vote. The qualifications are listed in the instructions on the registration form and in the oath which is signed by the voter.
- Make sure that the registration form is fully completed. It is very important to have a complete residence address or physical description of where the voter lives for the county auditor to place the voter in the correct voting precinct.
- If the person completing the registration form is currently registered to vote, they must complete the cancellation portion of the form also.
- All private entities or individuals registering voters must provide the voter their contact information. SDCL 12-4-3.
- All private entities or individuals registering voters shall file the completed registration form with the county auditor within ten days or by the voter registration deadline, whichever occurs first. A violation of this is a Class 2 misdemeanor. SDCL 12-4-3.2
- The deadline for registration forms to be returned to the county auditor in order for the person registering to be able to vote in the next election is 15 days prior to that election. The auditor’s office closes at 5:00pm. It is imperative that every registration card which you are responsible for returning be received by the county auditor by that deadline. If a card is not returned by that deadline the voter will be disenfranchised for that election and you, as the person responsible for returning the completed card, may be held legally responsible. The National Voter Registration Act provides penalties for obstructing the registration process.
- No person may employ, reward, or compensate any person to register voters based on the number of voters registered. Nothing in this section prohibits any person from hiring a person paid on an hourly or salaried basis to register voters. Any violation of this section is a Class 2 misdemeanor. SDCL 12-4-52.
